

Standard Operating Procedure: Managing Your Attendance

Overview

This document provides step-by-step instructions on how to record, update, and manage your attendance.

1. Monitoring Your Attendance Report

The top of the page displays your **Attendance Report**, which details your available hours and real-time participation status. Please monitor this section regularly, as it updates in real time to help you remain aware of your attendance standing and eligibility for team activities and competitions. We maintain full transparency with real-time updates so you can easily track your hours and verify your qualification status for upcoming events and team competitions.
